SUMMARY OF CHANGES

SECTION 00010 - SOLICITATION CONTRACT FORM

The required response date/time has changed from 19-May-2015 10:00 AM to 02-Jun-2015 10:00 AM.

CLIN 0003

The CLIN extended description has changed from WORKERS COMPENSATION INSURANCE: Before commencing performance under this contract, the contractor shall provide workers' compensation insurance or security as required by the Defense Base Act (DBA) and maintain it until performance is completed. This cost will be excluded from price evaluation. This estimated amount will be adjusted throughout the contract period as necessary using projected and actual labor expenditures. The contractor shall be reimbursed for reasonable, allowable, and allocable DBA insurance costs upon submission of proof of payment of the insurance provider. Offerors shall include in their proposals a statement as to whether or not only local nationals or third country nationals hired outside the United States will be employed on the resultant contract. to CONTRACTOR MANPOWER REPORT: "The Office of the Assistant Secretary of the Army (Manpower & Reserve Affairs) operates and maintains a secure Army data collection site where the contractor will report ALL contractor Manpower (including subcontractor manpower) required for performance of this contract. The contractor is required to completely fill in all the information in the format using the following Web addresses "https://contractormanpower.army.pentagon.mil. The required information includes: (1) Contracting Office, Contracting Officer, Contracting Officer's Technical Representative; (2) Contract number, including task and delivery order number; (3) Beginning and ending dates covered by reporting period; (4) Contractor name, address, phone number, e-mail address, identity of contractor employee entering data; (5) Estimated direct labor hours (including sub-contractor); (6) Estimated direct labor dollars paid this reporting period (including sub-contractor); (7) Total payments (including subcontractor); (8) Predominant Federal Service Code (FSC) reflecting services provided by contractor (and separate predominant FSC for each sub-contractor if different); (9) Organizational title associated with the Unit Identification Code (UIC) for the Army Requiring Activity (the Army Requiring Activity is responsible for providing the contractor with its UIC for the purposes of reporting this information); (10) Locations where contractor and sub-contractors perform the work (specified by zip code in the United States and nearest City, Country, when in an overseas location, using standardized nomenclature provided on website); (12) Presence of deployment or contingency contract language, and, (13) Number of contractor and sub-contractor employees deployed in theater this reporting period (by country). As part of its submission, the contractor will also provide the estimated total cost (if any) incurred to comply with this reporting requirement. Reporting period will be the period of performance not to exceed 12 months ending September 30 of each government fiscal year and must be reported by 31 October of each calendar year."

SECTION 00800 - SPECIAL CONTRACT REQUIREMENTS

The following have been added by full text:

ANSWERS**W913FT-15-R-0006****QUESTIONS CONSTRUCTION PROJECTS TUMACO**

1. SOWs state in "progress meetings" that "The Project Engineer/Architect may be required to meet at least weekly with the KO and/or the COR during the first month of construction and then as required throughout the period of performance". Please indicate how many of these meetings will be held in the project site (Tumaco) and how many in Bogota?

Answer to Question 1: Refer to 1.5.9 Post Award Conference/Periodic Progress Meetings, 1.5.2 Quality Assurance (QA), and 4.7 Contractor Work Schedules sections. Projects will be inspected as a minimum once a month by a US government QA inspector. The amount of visit will depend on the contractor work schedule and critical phases of the projects for the duration of the projects. The meetings will mainly be held at the projects site unless US government reps are unable to visit Tumaco. KO and COR will notify contractor if that is the case.

2. SOWs state in "key personnel" paragraph that the quality control representative is part of the key personnel and this individual "shall have at least five (5) years as a quality control inspector in the construction field". Although SOWs don't mention another requirement for QC representative, other paragraphs state that the Field Engineer/Architect "can also establish quality control construction processes". Please indicate if Field Engineer/Architect and QC representative can be the same person. If not, please indicate if the QC representative is required to be on site and how often.

Answer to Question 2a: Refer to 1.5.11 Key Personnel section. Field Engineer/Architect and QC representative can be the same person as far he/she meets required experience.

Answer to Question 2b: Refer to Answer Question 1. QC representative is required to be at the site during QA inspections.

3. Cuáles proyectos tendrán "liquidated damages" y cuál será el costo por día?

Answer to Question 3: All posted in www.fbo.gov search: project number

W913FT-15-R-0006 DEFENSIVE POSITIONS

1. Es requerimiento incluir un tejado y también una placa de concreto en la parte superior, sobre los sandbags?

Answer to Question 1: Refer to Technical Exhibit 3 Defensive position concept design. It is not required to provide a concrete deck over the sandbags. Contractor shall provide a treated wooden structure to support sand filled. Contractor shall provide a clay tiles to protect sandbags.

2. The schem and specification about wooden structure speaks for columns and cover, based on the guarantee that we intend to, we can make these designs in metallic structure?

Answer to Question 2: Due to the salty environment in this location, metallic structure is not acceptable as an alternate design.

3. What are minimum requirements and specification for the roofing waterproofness of these positions?

Answer to Question 3: Refer to Answer to Question 1.

4. Is it possible to obtain a more detailed specification (US Army specification) for the sand bags, as for its material? If not, what are the minimum requirements besides the already described in the solicitation package?

Answer to Question 4: Sandbag shall prevent rot and mildew from forming on the bag when exposed to hot, dark, wet, conditions. Sandbag shall withstand moisture and high ultraviolet sun rays. It shall be fabricated using a minimum of 10 x 10 – 1250 Denier Woven Polypropylene. Sandbags shall have a 50 pound capacity.

5. SOW in 5.1 states: “The Contractor shall include a Lightning Protection System Study IAW NTC 4552”. Due to the fact that lightning protection system is not included in the SOW, it seems that the mentioned study is not required. Please indicate if lightning protection system study is required or not.

Answer to Question 5: Lighting protection system study is not required.

6. SOW in 5.2 states “Layout depicting cut, fill, patch, drains connections, and asphalt overlay (by others) shall be submitted to the Contract Officer Representative prior to commencement of work”. Please elaborate about the asphalt overlay.

Answer to Question 6: Asphalt overlay does not apply to this project. Contractor shall not provide cost for this item in his proposal.

7. SOW includes treated lumber roof structure. Rainwater will leak through this kind of roof. Please confirm that waterproofing is not required

Answer to Question 7: Refer to Answer to Question 1.
